Yanlord 3Q and 9M 2014 Business Review

Yanlord 3Q 2014 Business Review

- In line with the Group's delivery schedule whereby a significant portion of FY 2014 sales will be recognised in 4Q 2014, recognised revenue in 3Q 2014 was lower at RMB977.2 million compared to RMB3.508 billion in 3Q 2013. GFA delivered in 3Q 2014 was 38,549 sqm while ASP was RMB20,511 per sqm.
- Gross profit margin in 3Q 2014 was higher at 35.4% compared to 31.4% in 3Q 2013. However, owing to the lower GFA delivery in 3Q 2014, net profit attributable to equity holders of the Company in 3Q 2014 was lower at RMB8.4million.
- The Group continues to witness strong demand for its quality products. Accumulated pre-sales amount grew to RMB11.770 billion as at 30 September 2014 compared to RMB9.466 billion as at 30 September 2013. Advances for pre-sale properties received as at 30 September 2014 amounted to RMB9.610 billion.

Yanlord 9M 2014 Business Review

- Recognised revenue in 9M 2014 was lower at RMB4.249 billion in-line with the Group's delivery schedule whereby a greater portion of deliveries will occur in 4Q 2014. GFA delivered in 9M 2014 was 165,261 sqm compared to 251,697 sqm in 9M 2013.
- Underscored by the change in product mix composition in 9M 2014 revenue and the Group's marketing strategy whereby units in first phase developments tend to be of lower ASP and gross margin when compared to subsequent phases, gross profit margin and ASP achieved in 9M 2014 was lower at 32.1% and RMB22,593 per sqm compared to 33.5% and RMB23,962 per sqm respectively.
- Net profit attributable to equity holders of the Company was RMB289.2 million in 9M 2014 as compared to RMB380.5 million in 9M 2013 due to lower delivery during the period.

Yanlord 9M 2014 Business Review

- The Group continues to maintain a healthy financial position. Cash and cash equivalents balances of RMB3.782 billion as at 30 September 2014, coupled with net debt to total equity gearing ratio of 55.5% will serve to fuel the Group's future development.
- The Group continues to witness strong buyer demand for its quality projects. Subsequent to the end of the period, the Group launched the inaugural batches of apartments at Oasis New Island Gardens (Phase 1) in Nanjing and Yanlord Western Gardens in Shanghai on 8 November 2014. Opening to positive market response, Oasis New Island Gardens (Phase 1) achieved opening day pre-sales of approximately RMB1.381 billion, a sell-through of 92.2% for the 460 apartment units launched. Yanlord Western Gardens similarly saw a strong support from home buyers garnering approximately RMB599.1 million in pre-sales for the 104 apartment units sold on the day of launch.
- Yanlord remains confident about its future performance, driven by continued sales of its developments and larger proportion of pre-sales recognition in subsequent periods.
